Form for advisors of master work within data science (recommendation from DAT390)

Main advisor: Assoc. Prof. Jonas Kusch

Student: Bikesh Shrestha

Thesis topic: Low Rank Methods in Julia

(1) Pursuant to NMBU's *retningslinjer «behandling av mistanke om fusk», point 3.2h*, permission to reuse own material is hereby granted by *aforementioned main advisor* to *aforementioned student* for a master thesis on the thesis topic indicated above.

(2) The permission extends to the student's own material that has been created more recently than three years before the master thesis due date. It does not extend to older material.

(3) Content and ideas from the DAT390 report can be reused for the master thesis.

(4) It is left at the student's discretion whether or how a reference (*i.e.*, citation or other pointer, *e.g.*, a footnote) to the original source of reused own material should be included. An omission to do so will not in itself be judged to constitute academic misconduct.
